GIVING BACK!

In May, a local school had some pine logs stolen which were reserved for it's garden refurbishments.

We were able to help by supplying discs from tree cuttings to replace what they had lost!

Please review these key points to **stay safe**, hydrated, and productive during hot conditions.

IMPORTANT!

- **Drink water regularly**
- Avoid caffeine/fizzy drinks
- Wear **light, loose clothing** (long sleeves & trousers)
- Keep your **top on** – it protects from UV
- Take breaks in the **shade**
- Use **SPF 30+** sunscreen at every break
- Check your skin for changes – report any concerns
- **Fair skin = higher risk – take extra care**
